CAREER OBJECTIVE

Enthusiastic and detail-oriented B.Tech (CSE) student with a strong foundation in Full Stack Web Development using the MERN Stack and Java Full Stack. Strong understanding of Core Java and OOPS concepts. Passionate about building dynamic, user-friendly, and scalable web applications. Seeking an entry-level development role to apply technical skills, creativity, and problem-solving abilities in real-world projects.

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript(ES6+), Bootstrap, Tailwind CSS, React.js
- Backend: Java, JDBC, Servlets, JSP, Node.js, Express.js
- Database: MongoDB, SQL, MySQL
- Tools & Platforms: VS Code,Eclipse/Intelli J IDEA, Postman, Chrome Dev Tools, Git, GitHub.
- Core Java: OOPS, Exception Handling, Collections Framework, Multithreading
- Microsoft Office: MS Word, MS Excel, MS PowerPoint
- Soft Skills: Analytical Thinking, Problem-Solving, Team Collaboration

EDUCATION

- B.tech (CSE) - BBSBEC (IKGPTU) CGPA: 8.0 | Expected Graduation: 2026
- Intermediate (12th) - BBN College, Bathua Bazar (BSEB) 64 % | 2020
- Matriculation (10th) - Maya High College Barhamin (BSEB) 59% | 2018

ACADEMIC PROJECTS

- Zerodha Stock Tracker ○ Developed a real-time stock tracking system using React, Node.js, & Zerodha API for live market updates.
    - Implemented portfolio management features to track holdings, investments, and performance. ○ Designed interactive charts and data visualizations for stock trends and analytics.
- E-Book Management System
    - Developed a Java-based application to manage digital books, user records, and library operations.
    - Implemented CRUD functionalities including Add, Update, Delete, and Search using Java, JDBC & MySQL. ○ Designed Issue/Return book modules with database integration for smooth record management.
- Wanderlust - Travel & Stay Booking Web App
    - Developed a travel and stay booking platform using Node.js, Express.js, MongoDB, and EJS templating.
    - Implemented user authentication, session management, and secure login functionality.
    - Designed booking management features for property listings, reservations, and user interactions.

CERTIFICATE

- Full Stack Web Development - Apna College (Aug 2024)
- Java Programming - Apna College (Jan 2025)
- Java Full Stack Development – Completed by J-Spider

EXTRA-CURRICULAR ACTIVITIES / ACHIEVEMENTS

- Participated in multiple hackathons and coding competitions.
- Actively involved in college tech clubs and peer learning sessions.
- Recognized for consistent academic performance and leadership in project collaborations.
