CAREER OBJECTIVE

Entry-level software developer with a B.Tech in Computer Science and Engineering and hands-on training in Java Full Stack and MERN Stack development. Strong foundation in Core Java, OOP, JDBC, Servlets, SQL, JavaScript and React.js, with project experience building web applications, CRUD functionality, authentication, database integration and API-based features. Seeking a junior software development opportunity in an international environment.

TECHNICAL SKILLS

- **Language:** Java, JavaScript (ES6+), SQL, HTML5, CSS3
- **Frontend:** React.js, Bootstrap, Tailwind CSS
- **Backend:** Java, JDBC, Servlets, JSP, Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Core Java:** OOP, Exception Handling, Collections Framework, Multithreading
- **Core Java:** OOP, Exception Handling, Collections Framework, Multithreading
- **Tools:** Git, GitHub, Postman, VS Code, Eclipse, IntelliJ IDEA, Chrome DevTools
- **Additional:** MS Word, MS Excel, MS PowerPoint; basic networking

EDUCATION

- B.tech (CSE) - BBSBEC (IKGPTU) 75% | 2026
- Intermediate (12th) - BBN College, Bathua Bazar (BSEB) 64% | 2022

PROJECTS

- **E-Book Management System** / Java, JDBC, MySQL
  - Developed a Java-based application for digital book, user and library record management.
  - Implemented CRUD operations including Add, Update, Delete and Search using Java, JDBC and MySQL.
  - Built Issue/Return modules with database integration for managing book records.
- **Zerodha Stock Tracker** / React.js, Node.js, Zerodha API
  - Developed a stock-tracking application for market updates using React, Node.js and the Zerodha API.
  - Implemented portfolio management features for holdings, investments and performance tracking.
  - Created interactive charts and data visualizations for stock trends and analytics.
- **Wanderlust — Travel & Stay Booking Web App** / Node.js, Express.js, MongoDB, EJS
  - Developed a travel and stay booking platform with property listings, reservations and user interactions.
  - Implemented user authentication and session management for secure login functionality.
  - Built booking management features with MongoDB-backed application data.

CERTIFICATE

- Full Stack Web Development — Apna College (Aug 2024)
- Java Programming — Apna College (Jan 2025)
- Java Micr Full Stack Development — J-Spider

EXTRA-CURRICULAR ACTIVITIES / ACHIEVEMENTS

- **Hackathons & Coding Competitions:** Participated in multiple hackathons and coding competitions.
- **Collaboration:** Participated in college tech clubs and peer learning sessions collaborated on academic projects.
